

Earth-tone®

Moss Control

KILLS ALGAE,

MOSS & LICHENS

- **Fast Acting – Kills Within Hours**
- **Won't Stain Bricks, Concrete or Asphalt**
- **For Use on Lawns, Patios Plus Roofs and Buildings**

ACTIVE INGREDIENT

Potassium soap of fatty acids ...	22.11%
OTHER INGREDIENTS	77.89%
TOTAL	100.00%

KEEP OUT OF REACH OF CHILDREN

WARNING See side panel for first aid and additional precautionary statements

Net Contents 32 fl oz. (946 ml)

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product, you may call the National Pesticide Information Center at 1-800-858-7378 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING: Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather or when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read and follow all applicable directions and precautions on this label before using.

PESTS: Earth-tone® Moss Control is effective in controlling mosses, algae, lichens, and liverworts.

SITES: Earth-tone® Moss Control may be used on lawns, golf courses, parks, playgrounds and ornamental gardens.

OTHER SITES: Earth-tone® Moss Control may also be used around and on homes and other buildings, and home greenhouses. It may be used on: roofs; cedar shakes and composition shingles; cedar siding; stucco; cedar, redwood and CCA-treated wood decks and fences; brick, stone and concrete walkways, sidewalks and driveways; growing containers; other structural surfaces; hardened bark of trees; bark mulch; pavement; gravel; patios; asphalt; automobile exteriors; and the exteriors of motor homes and boats.

METHODS OF APPLICATION: Apply with any standard hand-held sprayer, backpack sprayer, tank sprayer, hose end sprayer, mop, watering can or brush. Keep sprayer moving to get an even application. In areas with hard water, use water softeners.

DYNASTY HOSE END SPRAYER DIRECTIONS:

This 1 quart bottle will cover up to 500 square feet.

1. Before attaching the sprayer to garden hose, make sure that the Water Flow Switch (top switch) is in the "OFF" (to the rear) position.
2. Connect spray nozzle to garden hose while pointing sprayer in a direction away from face and body.
3. Remove the safety pin in front of the Product Flow Switch (side switch).
4. Rotate Product Flow Switch pin forward 90 deg. to the "ON" position.
5. Aim front of nozzle toward area to be covered and begin spraying by moving water valve (top switch) to the "ON" position (forward).

TO STOP SPRAYING:

1. Turn Water Flow Switch (top switch) to "OFF" position (to the rear) and Product Flow Switch (side switch) back to the "OFF" position.
2. Turn off the water at the faucet.
3. Unscrew spray nozzle from garden hose, rinse outside of container and store any unused product according to the Storage and Disposal Directions.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame. Do not store at temperatures below 32°F.

CONTAINER DISPOSAL:

If empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

APPLICATION DIRECTIONS

GOLF COURSES: Dilute concentrate by mixing one part concentrate with 19 parts water. For putting greens, fairways and other areas apply 12 to 25 gallons per 1000 ft² (500 to 1000 gallons/acre).

PARKS & PLAYGROUNDS: Dilute concentrate by mixing one part concentrate with 19 parts water (6.8 oz. in 1 gallon water). Thoroughly soak moss with solution, applying 12 to 25 gallons per 1000 ft² (500 to 1000 gallons/acre). For thick moss (greater than 1 inch), use up to 50 gallons per 1000 ft².

DOMESTIC LAWNS & ORNAMENTAL GARDENS:

Dilute concentrate by mixing one part concentrate with 19 parts water (6.8 oz. in 1 gallon water). Thoroughly soak moss with solution, applying 12 to 25 gallons per 1000 ft² (500 to 1000 gallons/acre). For thick moss (greater than 1 inch), use up to 50 gallons per 1000 ft².

FOLLOW-UP ON GOLF COURSES, PARKS, PLAYGROUNDS, DOMESTIC LAWNS & ORNAMENTAL GARDENS:

Lightly rinse treated areas with water (1 gallon per 1000 ft² or less) 15 to 30 minutes after treatment to avoid grass and plant damage. Test spray a small area prior to using. Do not heavily irrigate for at least 6 hours. Re-apply every 2 weeks or as required. If it rains within one day of treatment, an additional application may be required. Moss will turn brown after a few days. Areas can be re-sown 5 days after treatment.

OTHER SITES: Dilute concentrate by mixing one part concentrate with 9 to 19 parts water (put 6.8 to 13 oz. in 1 gallon water). Apply 8 to 12 gallons of solution per 1000 ft². For thick moss (greater than 1 inch), use 25 gallons of solution per 1000 ft². If moss is dry, thoroughly wet moss with water before treating. Repeat treatment annually, or when new moss or algae are visible.

AUTOMOBILES, MOTOR HOMES & BOATS: Use on the outside surfaces only. Spray thoroughly with soap solution using hose-end sprayer. Alternatively, dilute concentrate by mixing one part concentrate with 19 parts water (put 6.8 oz. in 1 gallon water) in a pail and apply to surfaces using a brush. Scrub surfaces thoroughly and rinse with water.

WHEN TO USE: Earth-tone® Moss Control can be used at any time during the year. Best results are obtained with actively growing moss in the spring or fall. Do not use on lawns when temperature exceeds 85°F. During warmer weather apply late in the day. Application during cold weather may delay appearance of moss damage.
